EXPERIENCE

FRONT-END DEVELOPER / WORDPRESS DEVELOPER

Apr 2023 - Apr 2026

Cherrington Media

- Designed and optimized responsive WordPress landing pages and sales funnels for lead generation and conversion-focused campaigns.
- Developed Shopify product pages with clearer offer hierarchy, product visuals, proof sections, and mobile purchase paths.
- Improved page speed by optimizing plugins, images, video, fonts, and other media across WordPress and Shopify sites.
- Built GoHighLevel funnels and lead capture workflows to support campaign operations and follow-up.
- Integrated analytics, payment, email, logistics, and DNS services while coordinating responsive QA and launch checks.
- Migrated fixed HTML sites into GoHighLevel while preserving layout, styling, and responsive behavior.

WEB DEVELOPER / LANDING PAGE DESIGNER

2022 - 2023

Nest Marketing

- Created high-fidelity website and landing page designs in Figma and Sketch for client marketing projects.
- Built responsive websites from approved designs with accurate layout execution and consistent visual presentation.
- Developed and maintained WordPress sites while applying on-page SEO and performance best practices.
- Configured analytics and Zapier workflows to improve reporting and reduce repetitive manual tasks.
